

## Judges 21 Lessons and Principles

**1. There was no king in Israel:** This statement was not true, God Himself was their King, they just refused to recognize it. Jesus Christ is our King and our Lord and we must recognize that and always turn to Him for leadership.

**2. Everyone did what was right in his own eyes:**

Generally, the 400-year period of the Judges was marked by this radical individualism. They rejected the standard of God's word and accepted the individual standard of **what was right** in their **own eyes**. We must resist this radical individualism and always turn to prayer and God's Word for leadership and guidance.
